COCKTAIL MAKING

### Cocktail Making

You can either organise your cocktail clinic in the comfort of your cottage or sample your cocktails in an exclusive bar in Bristol. Our cocktail clinics are run by highly professional cocktail waiters and bartenders and are the perfect entertainment for hen parties.

The Cocktail Clinics are superb entertainment for your hen party and are designed for both the cocktail novice & connoisseur. These two hours clinics are run by one of our specially trained bartenders taking the role as teacher.

Hens are talked through the tools of the bartender, free-pouring skills, history of cocktails, how to be an efficient bartender and detailed information on spirits, not forgetting the opportunity to make (and drink!) your own creations of new and classic cocktails.

All guests get three drinks each (made by yourselves!), followed by a quiz and a prize for the hen that has learnt the most. This package includes all drinks, glasses and ice.
